

72" Dia Commercial Grade Stainless Spray Ring

MODEL MA-020 / STAINLESS STEEL

This 72-inch diameter commercial-grade stainless steel spray ring (MA-020) delivers powerful, consistent water distribution for industrial washing applications. Engineered with premium corrosion-resistant materials, this durable spray system features precisely positioned nozzles for optimal coverage and efficiency. Ideal for food processing facilities, manufacturing plants, and commercial kitchens where reliable, high-volume cleaning is essential. The robust construction ensures long-lasting performance even in demanding environments.
