

Octagonal Horse Head Themed fountain in Aged Granite

MODEL MF-2451 / HAND-CRAFTED GRANITE

A three-tier hand-crafted granite fountain in warm aged tones, centered on an octagonal basin and topped with a finial ball. The central column is carved with horse head reliefs that channel water down through two graduated bowls into the wide lower basin. The substantial octagonal surround and classical proportions suit a formal courtyard, estate entry, or large garden focal point.
