

Contemporary Antique Griggio Granite Wall Fountain with Stainless Spillway

MODEL MF-2472 / HAND-CRAFTED ANTIQUE GRIGGIO GRANITE

Contemporary wall fountain hand-carved from Antique Griggio granite, pairing a tall flat-faced back panel with a deep rectangular trough basin. A slim stainless steel spillway spans nearly the full width of the panel and feeds water into the basin below. The gray granite carries sweeping cream and charcoal veining across the panel, basin, and side faces, all in a honed matte finish. Standing 54 inches tall and 37 inches wide, MF-2472 suits a courtyard or lanai water feature, an entry garden focal point, or a pool-surround backdrop. Its clean modern lines fit architecture where carved ornament would be too much. Hand-crafted natural stone, for indoor or outdoor installation.

ANTIQUE GRIGGIO GRANITE: *Stunning earth tones with grays, whites and occasionally golds and red tones.*

DIMENSIONS

37" W x 54" H x 21" D
